HEM Horizontal Pivot Band Saw H90A-C

The HEM Horizontal Pivot Band Saw Model H90A-C Series is the latest version in computerized band saws. This saw features:

- Adjustable blade speed, clamping force, cutting force & feed rate.
- Computerized Control Console
- Automatic multi-indexing 0-24" Stroke bar feed systems
- Automatic hold down vises
- Loading Capacity of 12.75" x 12.75" up to 24' in length
- Totally automated cutting - operator assistance required once started

This saw is ideal for cutting full bundles of strut to length, multiple tubes of threaded rod cut to length and any application where repetitive cuts are required.
